# 332.0 kW DC Solar System

Target Store  
North Charleston, SC

The 332.0kW DC roof mounted solar PV system was installed by Hannah Solar Government Services for the Target store in North Charleston, South Carolina. This system features Trina Solar 310W modules connected to Solectria 28kW inverters and supported by a Panel Claw mounting system. This system is part of the total 3 MW HSGS has completed for Target Stores across South Carolina.

### About Hannah Solar Government Services:

Hannah Solar Government Services (HSGS) is a Service Disabled Veteran Owned Small Business specializing in the project development, design, installation, and maintenance of electric vehicle charging stations and commercial and utility scale solar PV systems for government, commercial, utility, and residential clients. All solar PV systems are designed by an in-house engineering team and installed by NABCEP certified solar PV installers.
