About Hannah Solar Government Services:
Hannah Solar Government Services HSGS is a Service Disabled Veteran Owned Small business specializing in the project development, design, installation, and maintenance of electric vehicle charging stations and commercial and utility scale solar PV systems for government, commercial, utility, and residential clients. All solar PV systems are designed by an in-house engineering team and installed by NCEP certified solar PV installers.

368.9 kW Solar PV System

Target Store

Charleston, SC

The 368.9 kW DC roof mounted solar PV system was installed by Hannah Solar Government Services for the Target store in Charleston, South Carolina. This system features Phonosolar 310W modules connected to Solectria 28kW inverters and supported by an Ecofoot mounting system. This system is part of the total 3 MW HSGS has completed for Target Stores across South Carolina.
