A Bosch Company

1.28 MW Ground Mounted Solar PV System

Bosch Rexroth Corporation
Fountain Inn, SC

OVERVIEW:

CUSTOMER/OWNER: Bosch Rexroth Corporation

DESIGNER/INSTALLER: Hannah Solar Government Services

LOCATION: Fountain Inn, SC

SYSTEM CAPACITY: 1.28 MW DC

CONTRACT VALUE: \$1.6 M

PERIOD OF PERFORMANCE

➤ **COMPLETION DATE:** Dec 2020

EQUIPMENT SPECIFICATIONS

➤ **MODULES:** REC Solar

➤ **INVERTER:** CHINT Power Systems

➤ **RACKING:** APA Racking

CUSTOMER INFORMATION

COMPANY: Bosch Rexroth Corporation

CONTACT: Mike McCormick, Technical Plant Manager

PHONE: 864-228-6282

CUSTOMER SATISFACTION: OUTSTANDING

PROJECT DESCRIPTION:

Hannah Solar Government Services (HSGS) was contracted by Bosch Rexroth Corporation to design and construct a 1.28 MW ground mounted solar photovoltaic (PV) array at their facility in Fountain Inn, SC. This solar array features REC Solar modules that are connected to CHINT Power systems inverters and are supported by a APA Racking mounting system. In its first year this solar array is expected to generate 1,930,322 kWh of energy helping reduce the cost of electricity for the Bosch Rexroth facility.

About Hannah Solar Government Services:

Hannah Solar Government Services (HSGS) is a Service Disabled Veteran Owned Small Business (SDVOSB) leading the way in global energy security by designing and building renewable energy and microgrid systems. HSGS specializes in the design, engineering, construction, and maintenance of solar PV, energy storage, and microgrid systems. Serving government, commercial, industrial, and utility clients, HSGS's breadth of experience includes projects that span the continental United States as well as overseas.
