About Hannah Solar Government Services:

Hannah Solar Government Services (HSGS) is a Service Disabled Veteran Owned Small Business (SDVOSB) leading the way in global energy security by designing and building renewable energy and microgrid systems. HSGS specializes in the design, engineering, construction, and maintenance of solar PV, energy storage, and microgrid systems. Serving government, commercial, industrial, and utility clients, HSGS's breadth of experience includes projects that span the continental United States as well as overseas.

854 kW Solar PV Parking Canopy Carl Vinson VA Medical Center Dublin, GA

PROJECT DESCRIPTION:

Hannah Solar Government Services (HSGS) was contracted by Ameresco Federal Group to construct a 854 kW DC solar photovoltaic (PV) parking canopy for the US Department of Veterans Affairs at the Carl Vinson VA Medical Center in Dublin, GA. This solar PV project was funded by an Energy Savings Performance Contract, which will reduce the cost of energy used at the Carl Vinson VA Medical Center. The parking canopy will provide shaded parking while producing energy.
