170.1 kW DC Solar PV System

United States Coast Guard Academy

Waesche Hall

New London, CT

Hannah Solar Government Services (HSGS) designed and installed a 170.1 kW ballasted solar energy system on the roof of the U.S. Coast Guard Academy's Waesche Hall located in New London, CT. Waesche Hall, named after Adm. Russell R. Waesche, commandant of the Coast Guard during World War II is the home of the Coast Guard Museum, library and admissions office. Waesche Hall's solar array features REC Twinpeak solar modules that are connected to ABB TRIO inverters and supported by a Panelclaw racking system.

About Hannah Solar Government Services:

Hannah Solar Government Services (HSGS) is a Service Disabled Veteran Owned Small Business specializing in the project development, design, installation, and maintenance of commercial and utility scale solar PV systems and electric vehicle charging stations for government, commercial, utility, and residential clients. All solar PV systems are designed by an in-house engineering team and installed by NABCEP certified solar PV installers.
