*"HSGS delivered an excellent quality final product that was interconnected to both, the end-user client and the electric power distribution system."  
-VP of Construction for Greenskies, Giuseppe Perniciaro*

The 442.7kW DC roof mounted solar PV system was installed by Hannah Solar Government Services for the Target store in Aiken, South Carolina. This system features JA Solar 310W modules connected to Solectria 28kW inverters and supported by a Panel Claw mounting system. This system is part of the total 3 MW HSGS has completed for Target Stores across South Carolina.

**About Hannah Solar Government Services:** Hannah Solar Government Services (HSGS) is a Service Disabled Veteran Owned Small Business specializing in the project development, design, installation, and maintenance of commercial and utility scale solar PV systems and electric vehicle charging stations for government, commercial, and utility clients. All solar PV systems are designed by an in-house engineering team and installed by NABCEP certified solar PV installers.
