About Hannah Solar Government Services:

Hannah Solar Government Services (HSGS) is a Service Disabled Veteran Owned Small Business specializing in the project development, design, installation, and maintenance of commercial and utility scale solar PV systems and electric vehicle charging stations for government, commercial, and utility clients. All solar PV systems are designed by an in-house engineering team and installed by NABCEP certified solar PV installers.

18.9 kW DC Solar System

Midlands Housing Alliance
Columbia, SC

"Hannah Solar Government Services was a pleasure to work with. The team provided, managed the entire project exceptionally well."

-Director of Operations at Midlands Housing Alliance, Debbie Lane

The 18.9kW DC metal roof mount solar PV system was installed by Hannah Solar Government Services for Midlands Housing Alliance in Columbia, South Carolina. This system features a Canadian Solar 315W modules connected to Solectria 14 kW inverters and supported by a Unirac roof mounting system.
