About Hannah Solar Government Services
Hannah Solar Government Services (HSGS) is a Service Disabled Veteran Owned Small Business specializing in the project development, design, installation, and maintenance of electric vehicle charging stations and commercial and utility scale solar PV systems for government, commercial, utility, and residential clients. All solar PV systems are designed by an in-house engineering team and installed by NABCEP certified solar PV installers.

479.6kW Solar PV System

Target - Garners Ferry Road
Columbia, South Carolina

The 479.6kW roof mounted solar PV system was installed by Hannah Solar Government Services for the Garners Ferry Target location in Columbia, South Carolina. It features Jinko 310W modules connected to (14) Solectria 28kW inverters. This array is supported by a Panel Claw mounting system. This system is one of 7 South Carolina Target stores that will be provided a total of 3MW of power.
